- **Avoid crowds and confined spaces**, especially where physical distancing or staying more than 3 steps away from others isn't possible.
- **If you are sick or have been exposed, stay home and away from others** (self-isolate or self-quarantine).

There has been an increase in thefts from vehicles (many unlocked), and in many cases the victim unknowingly makes the criminals' job very easy.

Commonly stolen items include purses, wallets, electronics, mail, cell phones, GPS devices, and sport equipment, often left in plain view.

The Palos Verdes Estates Police Department wants to prevent you from becoming a victim.

The following tips will help to reduce the chances that your vehicle will be targeted, and help keep our community safer.

- Lock your vehicle!
- Place ALL items out of sight, or remove them before exiting your vehicle
- Do not leave cell phone chargers, computer equipment or other electronics accessories connected to the console
- Do not leave mail or documents with your personal information in the car-even blank papers left in plain sight are a temptation to a thief
- Secure your vehicle before leaving it - lock the doors, and close the windows, including the sunroof
- Park in a well-lighted area where your vehicle is visible to pedestrian and vehicular traffic
- If you have a garage, use it and keep it closed and locked

LOCK IT OR LOSE IT
