Advice Letter No. 2169-A

CALIFORNIA WATER SERVICE COMPANY (U 60 W)

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) respectfully submits this supplement to AL 2169 as a Tier 2 advice letter to request activation of the Stage 2 Water Use Restrictions of its Water Shortage Contingency Plan.

AL 2169 was originally submitted as a Tier 1 advice letter consistent with Cal Water’s proposal in Rule 14.1 (submitted in AL 2167). On May 27, 2015, Cal Water modified several other things in Rule 14.1, including changing the “tier 1” activation advice letter to a “tier 2” filing. **This supplement accordingly changes the activation request in AL 2169 from a Tier 1 advice letter to a Tier 2 advice letter.**

Discussion

In Advice Letter 2167, submitted April 28, 2015, Cal Water proposed modifications to its current Rule 14.1 that would allow Cal Water to activate a Stage in its Water Shortage Contingency Plan via a Tier 1 advice letter. Cal Water also proposed to add Schedule 14.1 to its tariff in Advice Letter 2168, filed on the same day. Both advice letters are Tier 2 filings with requested effective dates of June 1, 2015.

The Commission’s rules allow a Tier 2 advice letter to be “deemed approved” if it is not suspended within 30 days of filing. Therefore, unless the Commission takes action otherwise, the earliest that AL 2167 and 2168 could be “approved” is on May 28, 2015. In an abundance of caution, Cal Water submitted AL 2169 more than 30 days before June 1, 2015 in the event that the Commission determined that a Tier 2 advice letter is necessary to activate a stage, rather than the Tier 1 filing requested by Cal Water.

Assuming that the Commission approves AL 2167 and 2168 (or a close approximation of them), Cal Water requests authority in this advice letter to activate the Stage 2 described in the proposed Schedule 14.1 on June 1, 2015. Stage 2 is the first stage of Water Use Restrictions in Schedule 14.1 that triggers Cal Water’s authority to issue monetary penalties and drought surcharges.

Since Cal Water filed AL 2167, AL 2168, and AL 2169, the Commission has concluded that activating a stage in Schedule 14.1 should be requested through a Tier 2 filing, rather than a Tier 1 filing. A separate supplement to AL 2167 is being filed to reflect this change to Rule 14.1. **This supplement modifies AL 2169 so that Cal Water’s requested activation of Stage 2 of Schedule 14.1 is submitted as a Tier 2 filing.**

Cal Water already had the public hearings scheduled indicated in AL 2168, and is planning to complete all hearings during the month of May. Cal Water is committed to hearing the concerns of its customers and the Commission, and understands that modifications to Rule 14.1 and/or Schedule 14.1 may be merited. Given current water usage levels in Cal Water’s service areas, however, Cal Water believes that it will be necessary to take immediate action on June 1, 2015 in order to meet the mandates of the State Water Resources Control Board (“Water Board”). Cal Water proposes to apply the water use restrictions of Stage 2 in all areas, and to enforce such restrictions using the penalties and drought surcharges described in the company’s proposed Schedule 14.1.

Cal Water will need to use all of the tools at its disposal to encourage changes in customer behavior during this upcoming period, when water usage is historically at its highest. Our communications with customers would be most effective if Cal Water has the flexibility to trigger the restrictions under discussion as soon as possible thereafter.

Tier Designation

Cal Water submits this as a **Tier 2** advice letter consistent with Cal Water’s supplement to AL 2168, which requires activation of a stage in Schedule 14.1 via a Tier 2 filing rather than a Tier 1 filing.

Requested Effective Date

Cal Water requests that this advice letter become effective on **June 1, 2015**.

Notice

Customer Notice – Cal Water is providing customer notice of this activation request via a bill message, a bill insert, or separate mailing.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this **supplement** will be mailed or electronically transmitted on **May 27, 2015**, to competing and adjacent utilities and other utilities or interested parties having requested such notification.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. The address for mailing or delivering a protest is:

Tariff Unit, Division of Water and Audits, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102

On the same date the response or protest is submitted to the Division of Water and Audits, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Division of Water and Audits, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Division of Water and Audits within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408/367-8200.
