CALGreen sets forth requirements for Universal Waste to be properly disposed and diverted from landfills (section 5.408.2). Non-Residential additions and alterations to a building or tenant space that meet the following provisions shall require proper disposal verification of Universal Waste:

- Nonresidential additions of 1,000 SF or greater
- Nonresidential building alterations with a permit valuation of \$200,000 or above

**What are Universal Waste:**

Universal wastes are hazardous wastes that are widely produced by households and many different types of businesses. Universal wastes include televisions, computers and other electronic devices as well as batteries, fluorescent lamps, mercury thermostats, and other mercury containing equipment, among others. The hazardous waste regulations (CCR, Title 22, Division 4.5, Chapter 11, Section 66261.9) identify seven categories of hazardous wastes that can be managed as universal wastes. Any unwanted item that falls within one of these waste streams can be handled, transported and recycled following the simple requirements set forth in the universal waste regulations (UWR) (CCR, Title 22, Division 4.5, Chapter 23).

**List the diversion method and/or licensed hazardous waste hauler used for properly disposing of universal waste:**

Item/Material	Disposal Method/ Licensed hazardous waste hauler
1. Batteries	
2. Electronic devices	
3. Mercury-containing equipment	
4. Lamps	
5. Cathode ray tubes	
6. Cathode ray tube glass	
7. Aerosol cans	

**Verification:-** I certify this information is true, accurate and in compliance with CALGreen Building Standard Code Section 5.408.2. for Universal Waste Verification. I understand that the city may audit disposal and recycling documentation. I have sixty (60) days after the completion of the covered project to submit Universal Waste disposal/recycling receipts, otherwise, if applicable, my diversion (tonnage) security deposit may be forfeited.

Print Name: \_\_\_\_\_ Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Please submit this Universal Waste Verification Form and original disposal/recycling receipts to the Public Works Department along with your Recycling Summary Report (if applicable).**
